KEEP OUT OF REACH OF CHILDREN. DO NOT USE IF SAFETY SEAL IS DAMAGED OR MISSING. STORE IN A COOL DRY PLACE.

MOQ: 100

PRODUCT DESCRIPTION

Fish oil contains two types of omega-3 fatty acids — eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA). These fatty acids are known for promoting heart health, brain health, and skin. They also play a critical role in human development, especially the brain. This formula is coated to eliminate the fish oil taste and smell and prevent fishy burps after supplementation.†
